: DECISION ACCORDING STATUS  
: UNDER 37 CFR 1.47(a)

This is in response to the petition under 37 CFR 1.47(a), filed February 28, 2002 (certificate of mailing date February 14, 2002).

The petition is granted.

Petitioners have shown that the non-signing inventor, Qing Guo has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the exhibits to the petition establish that the inventor was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the declaration. For future reference, a person with first hand knowledge should set forth the events that show refusal or unavailability by means of a declaration or statement of facts. Fortunately, in this instance the exhibits to the petition are sufficiently compelling to justify granting Rule 47 status to the above-identified application.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the above-identified application will be forwarded to the Office of Initial Patent Examination for further processing.

Telephone inquiries should be directed to the undersigned at (703) 308-6712.
